HAVELLS

A piece of

Art

Havells India Limited is a leading Fast Moving Electrical Goods (FMEG) Company and a major power distribution equipment manufacturer with a strong pan India presence. Havells enjoys enviable market dominance across a wide spectrum of products, including Industrial & Domestic Circuit Protection Devices, Cables & Wires, Motors, Fans, Modular Switches, Home Appliances, Electric Water Heaters, Power Capacitors, CFL Lamps, Luminaires for Domestic, Commercial and Industrial Applications.

Today, Havells owns some of the most prestigious brands like Havells, Crabtree and Standard. Its network constitutes of 4000 professionals, over 6000 dealers and 40 branches across the country. Its twelve state-of-the-art manufacturing plants in India located at Haridwar, Baddi, Noida, Sahibabad, Faridabad, Alwar, Neemrana are manufacturing globally acclaimed products, synonymous with excellence and precision in the electrical industry.

The company pioneered the concept of exclusive brand showroom in the electrical industry with 'Havells Galaxy'. Today over 350 Havells Galaxies across the country are helping customers, both domestic and commercial, to choose from a wide variety of products for different applications. Havells became the first FMEG Company to offer door step service via its initiative 'Havells Connect'. Thanks to the quality of products and quicker service, it has minimum customer complaints and highest customer satisfaction.

- Sweep 100 & 150 mm
- Easy Installation on Glass/window panels
- High Quality Plastic, resistant to colour change
- Elegant front grill

Ventilair DX

- Sweep 150, 200 & 250 mm
- Ideal for mounting on wood & glass
- High quality engineering plastic, resistant to colour change with anti-static properties

Ventilair DXW NEO

- 150 mm sweep
- Easy installation on glass window & wood panels

Ventilair DXW

- Sweep 100 & 150 mm
- Ideal for mounting on glass window & wood panels

Ventilair DXWR

- Sweep 150 mm
- Back shutter & fan ON-Off operations are inter-locked through pull cord

Domestic Exhaust Fans - Plastic

Ventilair DX-WE

- 150 mm sweep
- Suitable for window & wall mounted indoor installation
- Electrically operated automated front shutter
- Modern design, fashionable & elegant look

Ventilair DX-C

- 130 mm sweep
- Modern design & elegant look
- Ideal for centrally air conditioned bathrooms and mounting on ceiling

Domestic Exhaust Fans - Metal

Ventilair DB

- Sweep 230 mm & 300 mm
- Double ball bearings, heavy duty motor with protective steel bird guard
- Robust construction

Ventilair DS

- Sweep 150 mm, 230 mm & 300 mm
- Specially designed metal blade
- Powder coated long lasting finish
- Sturdy steel bird guard

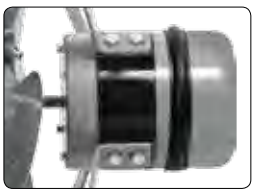
Ventilair DSP

- Sweep 230 mm & 300 mm
- Specially designed metal blade
- Powder coated long lasting finish
- Sturdy steel bird guard

Turbojet

Heavy duty exhaust fan

- Corrosion less body, minimal noise operation & maintenance free design
- Totally enclosed, highly efficient heavy duty motor with pressure die cast aluminium rotor mounted on two ball bearings
- Aerodynamically contoured blades handle maximum air with minimum power consumption. Rigid frame with rubber mountings for silent operation
- For more corrosive environment, exhaust fans with chlorinated rubber paints are also available
- Conforming to IS: 2312 -1967
- Available in various sizes with I & III phase



Turboforce

Heavy duty exhaust fan

- Corrosion less body, minimal noise operation & maintenance free design
- Totally enclosed, highly efficient heavy duty motor with pressure die cast aluminium rotor mounted on two ball bearings
- Aerodynamically contoured blades handle maximum air with minimum power consumption. Rigid frame with rubber mountings for silent operation
- For more corrosive environment, exhaust fans with chlorinated rubber paints are also available
- Conforming to IS: 2312 -1967
- Available in various sizes with I & III phase

Turboforce

Wall air circulator fan

- Aerodynamically designed blades for higher air delivery and minimal noise levels
- Double 'z' shielded ball bearings for longer life
- Indexable to different positions up to 15 degrees
- Oscillation up to 90 degrees for total flexibility
- Sturdy brazed wire guards with powder coating ensures corrosion resistance
- Minimal power consumption
- Generally conforming to IS: 2997-1964 standards
- Available in various sizes with I & III phase

Turboforce

Pedestal Air Circulator Fan

- Aerodynamically designed blades for higher air delivery and minimal noise levels
- Double 'z' shielded ball bearings for longer life
- Oscillation up to 90 degrees for total flexibility
- Sturdy brazed wire guards with powder coating ensures corrosion resistance
- Minimal power consumption
- Generally conforming to IS: 2997-1964 standards
- Available in various sizes with I & III phase
